MEMORANDUM FOR: Deputy Director for Science and Technology

SUBJECT: Approval of Funding for Renewal of External Contract with [REDACTED] on "Atmospheric Propagation Studies"

25X1A5a1

REFERENCE: The Office of Scientific Intelligence External Research Program, Fiscal Year 1965

1. BACKGROUND

25X1A5a1

The existing contract with [REDACTED] began on 1 July 1963 and is scheduled to terminate on 30 June 1964. During the course of the contract, the contractor has produced and published three major reports and several memoranda of importance. The reports are all concerned in one way or another with the evaluation of existing or proposed collection techniques in the [REDACTED] which involve the [REDACTED]. The reports and memoranda have provided a valuable input to the Agency effort in certain collection techniques.

2. PERFORMANCE

The three major reports prepared by the contractor are:

- 1) a report in technical support of Project [REDACTED]

25X1A2d2

25X1D4a

25X1A2d2 The first report provided a large quantity of technical analysis on Project [REDACTED] and presented information from which analysts within OSI and ONI could continue the evaluation of the proposed project. The second report provided analysis of the probability

[REDACTED]. The quality of each of these reports was
high and with the experience gained by the contractor in intelli-
gence during the past year, future studies by the contractor should
be even more fruitful. In addition to the preparation of these
reports, the contractor served as a consultant group to assist OSI
in several studies carried out internally.

3. PROPOSED RENEWAL

It is proposed that the existing contract be renewed on
1 July 1964 and remain in being through 30 June 1965. The type of
work to be carried out by the contractor would be of the same
general type as that done to date on the existing contract. New
ideas and techniques warrant careful study and investigation and
the existing contractor is the one most qualified to carry out
such studies.
